Purchase of water Pumping Set at Mulabāgu Camp, Chadigenahalli by the Chadigenahalli Municipality

To

The Revenue Commissioner and the Ex Officio Secretary to Govt

G O No 45 Ys/7 II 49

States that Govt are agreeable to drop the Scheme as Suggested and Requests that necessary action may be taken in the matter

Serial No

From the D C. Bangalore District
No - 4014/46 47 dt 5 3 47
Submits proposals to purchase
pumping set at Military Camp, Vasanthanagar
Leith by the local mty

1 Vasanthanagar Municipal council, in their meeting held on 11-2-47 resolved to purchase the water pumping set of the military camp at the place to get water supplied to their town by laying pipes from the place of the pumping set in the town to the town

2 It is reported by the President of the mt al that the military authorities have, at the time of V the of the camp, have handed over the pumping to the Mysore Govt for a sum of Rs 48,000/- The laying of pipes as contemplated above is estimated to cost about Rs 70,000/- So all the initial cost would work out to about Rs 1,18,000/-

3 The mt council have resolved to meet the cost, by requesting Govt for an outright grant of Rs 1,00,000/- and for the balance, a loan with 3½ % interest repayable in yearly instalments of Rs 1500/-

4 The maintenance charges of the scheme is estimated at Rs 5,000/- Per annum. To meet this recurring expenditure, the mt council have resolved to levy additional taxes on certain commodities and increase the mohatarfa taxes By this, the mty expects to realise a sum of Rs 4,500/- Per annum

5 The D C for the reasons set forth in Para 4 of his letter under Ref^ce considers it desirable

NOTE- Contn Sheet

Serial No

take up the scheme he has made proposals to meet the cost therein --

i) Govt grant of 3/4 of Rs 118,000/- i.e. Rs 88,500/-

ii) A loan of Rs 29,500/- being 1/4 of the cost, to the mcty repayable in 20 instalments with 3½ % interest

The DC states that he has requested the Secretary Engr to send up an estimate and plan for the water supply scheme and also to intimate the probable recurring charges and that on hearing from him he would intimate the exact amount

Submitted for orders, whether definite proposals with plans and estimates may not be awaited to take any further action

21/3 Vadgenahalli is a minor municipality & its financial condition is a noted below,-

	Rs
Opening balance as on 1766	42,10

It is anticipated that a sum of Rs 4 500/- would be realized by such a levy and this would be utilized to meet the probable maintenance charges of Rs 3000/- per annum

It is stated that the Sanitary Engineer has been requested to send up his estimate & plan for the water supply scheme & to intimate the recurring charges

13 The proposal to provide the municipality with water supply installation at an estimated cost and to lay out pipes etc at an estimated cost of Rs 11 8000, the same being met as proposed at A appears to be in order

new Regd) K 26/8/47

14 This municipality appears to be too small to undertake a big scheme like this The out-right grant that is asked for is large and its capacity to repay the loan is limited The Municipal Council have yet to take action to augment their resources They may not be able even to meet the recurring expenditure However, detailed plans and estimates from the Sanitary Engineer may be awaited.

10/ Grant of Water pumping set at Vadugenahally — Sealed with a note as personally directed by the Hon Secy

53) The Special officer Surplus Stores Disposals, Bangalore, states that the military assets of Water Supply installation at Vadugenahalli military camp, taken over by the Govt have been allotted to the D C B'lore Board for disposal to Vadugenahalli municipality. A bill for Rs 48,375/- being the value of the assets, read from the Special Officer, Surplus Stores Disposals by the D C B'lore has been submitted by him to this office on 4-7-47, requesting sanction of Govt to take up the water supply scheme.

54) It has been reported by the D C B'lore that the total initial cost of the scheme would work out to Rs 1,18,000/- In addition, the maintenance charges of the scheme are estimated at Rs 5,000/- per annum.

55) The municipality to take up the scheme, has requested the Govt to give an outright grant of Rs 1,00,000/ and the balance of the amount, viz Rs 18,000/- as a loan with 3½%, repayable in easy instalments of Rs 1,500/-

56) The financial position of the municipality as per the sanctioned budget for 1946-48 is as follows:—

Opening balance	Rs 4,170/-
Receipts	Rs 1,57,337/-
Total	Rs 1,61,507/-
Expenditure	Rs 1,54,330/-
Closing balance	Rs 7,177/-

57) The Revenue Secretary has noted on the proposals as follows:—

"The municipality appears to be too small to undertake a big scheme like this the outright grant that was asked for is large

Water supply scheme to Vadigenad

and its capacity to repay the loans, limited the municipal have yet to take action to augment their resources they may not be able even to meet the recurring expenditure However detailed plans and estimates from the Sanitary Engineer may be awaited"

58) When the papers were submitted to the Minister for Revenue & communications he has commented as follows — I agree with the Revenue Secretary the D C should also satisfy himself whether the small municipality could improve its resources to such an extent as to meet the recurring expenditure the sanctions involved is much and I do not know how far the residents will be prepared to bear it."

59) Information as above was called for from the D C along with the detailed plans and estimates for the scheme

60) Therefore when the bill for Rs 48,375/- was submitted by the D C, towards the cost of the water supply installations, requesting sanction of Govt to take up the water supply scheme, no orders could be passed, for the following reasons —

i) what exactly would the instal cost would amount to for the scheme is not known

ii) what would the recurring and non-recurring charges to successfully work the scheme are not also known

iii) whether the scheme would actually be worked

dysenchally

by the municipality or the by the Bureau of Sanitary Engineering and finally

iv) what would be the grand total Govt has to make for the taking up of the scheme which may be determined unless the details are known

61) In the meanwhile, the Spl officer, Surplus Stores Disposals, requests to arrange for expediting the orders of Govt to enable early adjustment of the value of the bill

62) If, once the bill is adjusted, the Govt will be committing itself to help the mlty financially at a great cost, when the mlty fails to move the scheme successfully

63) In the circumstances, the file is submitted for orders 31/5/61

as to observations/proposal of the bill with respect to para 52

new reg) 10/9/61

10/9 JAL

64) 1) special officer Surplus Stores will be informed that payment on the bill will be arranged only after the Water Supply Scheme of the Vadigenahalli Municipality is sanctioned.

65) 2) The D C Bangalore will be requested to expedite submission of the scheme in its complete form

& with all the applications required as the water is pumped [illegible]

66) 3) The Commissioner of Works also should be asked to expedite the Southern section of the scheme & thus the D-C will not [illegible] further delay

Vadagenahalli Water supply Scheme-5/9

-

From

The Dy Comm Bangalore Dt

No MB 4014/46-47 Dt 17.1.48

Forwards the information as called for

90) The estimate for the laying of pipes etc which was originally expected to cost Rs 70,000/- is now seen to be actually Rs 1,37,770/- Besides, the Cost of the water Supply engineer has taken over from the Municipality & charged Rs 48375/- thus bringing the total capital cost to Rs 1,86,145/- The recurring expenditure for maintaining the water supply works is stated to be about Rs 5000/-

Flags "A"

91) As regards the meeting of the cost, the Municipal Council has resolved that the Municipality would meet Rs 18000/- only & the Capital Cost may be a loan to be taken from Govt at 3½% (the usual calculated Rate charged to other Municipalities is 4%) payable in twelve equated instalments, the balance may Rs 168145/- in accordance with the revised estimate being asked to be given as an outright grant from Govt

Flags 'X' and 'B'

-1 4253/ml U 5064/ml

V0

Vadnjeunhelle Water Supply Scheme -

92) As Regards the ways of meeting the Recurring Expenditure which is assumed to be about Rs 5000/ per annum, the Municipality is stated to authorise the following additional Revenues

Revision of octroi	-	Rs 3 000/
Revision of Assessment	-	Rs 5,000/
Water tax	-	Rs 2 000/
Total	-	Rs 10 000/

Earmar 93) Setting apart Rs 2 000/ for the Repayment of the Loan to be raised for meeting the Municipal Share of the Scheme the balance of Rs 8000/ is stated to be adequate for meeting the Recurring expenditure

94) The Financial Secretary at para 85 supra has observed that Govt cannot afford to give an outright grant of Rs 1 00 000/ nor lend any money to this small Municipality even when the cost was assumed to be only Rs 1,18 000/ while the cost has now increased to Rs 1,86 145/ necessitating Govt paying an increased Contribution of Rs 1,68 145 apart from the loan as per the Resolution of the Municipal Council

3081/mil Sec 4258 pm 4 v

Vadigenahalli Water Supply Scheme

95) The re-location has already been purchased from the Military and the Special Officer for Surplus Stores Disposal has been repeatedly urging for early payment of the sale dry Rs 48 378/-. There is a Small Municipality and is not in a position to undertake this Costly Scheme, without Substantial help from Govt (current years financial position noted at para 56 supra)

96) This matter is pending from a long time and unless the machinery is put to use immediately, it is likely to rust to a Scrap and result in heavy loss to Govt

97) Submit for orders- Ref para 95 supra

Rec 6/3/48 Rev 7 Mar

Revenue 8/3/48

6867/1973

98) The proposal of the Vadigenahalli Minor Municipality is to take over the water supply installation in the vacated Military Camp near the place for improving the supply of water to the town which now depends on a few wells The entire equipment for the erection of which the Military has spent substantial money is proposed to be utilised as it is, for Vadigenahalli town, with a few necessary alterations found necessary in order to ensure proper distribution

of water to the whole town The equipment has already been purchased at a cost of Rs 47,350/- and the Special Officer for surplus stores disposal has been urging for the early payment of the amount The laying of the distribution system and other necessary alterations is estimated to cost a further sum of Rs 1,37,770/-

99) If this scheme should be abandoned on consideration of its being costly for a small Municipality like Vadigenahalli, the equipment purchased will have to be utilised elsewhere in consultation with the Chief Engineer for Irrigation, and such a course would obviously involve wasteful expenditure on transport etc , with the possible risk of the machinery also getting damaged in shifting The Military has spent a substantial amount for its erection on the present site All this also will be a waste if the machinery is to be dismantled now Much time has already been lost and further delay would only result in greater loss to Government From all these points of view, it may perhaps be desirable to accept the proposal of the Vadigenahalli Municipality on the basis of the cost being shared between the Government and the Municipality in the ratio of 3 1, and a loan being given to the Municipality for meeting its share of cost repayable in equal instalments, after ascertaining the views of the Municipal Council also with regard to the revised ratio of meeting the cost

100) If the above proposal is considered not feasible, the Chief Engineer for Irrigation, will have to be consulted in what other manner and how best the machinery could be disposed of without undue loss to Government

FINANCIAL SECTION

131) The total cost as now estimated is 1,86,145 Rs. The completion report will show the same at Rs 2 lakhs ~~Rs~~ Of this this municipality cannot meet a single rupee out of its funds

132) It is prepared to borrow Rs 18,000 from govt at $3\frac{1}{2}$% and would agree to regard that amount as its utmost possible contribution The govt would then have to grant over $1\frac{3}{4}$ lakhs as a free grant

133) If this were to be agreed to in the case of a small place like Vadugenahalli, its repercussions can easily be imagined we would be inundated with requests from all municipalities, big and small for similar grants and would be inviting discontent

134) I have already noted that $3\frac{1}{2}$% is a rate that is unacceptable and an outright grant of a lakh of rupees equally so An outright grant of $1\frac{3}{4}$ lakhs is only more so, especially in view of the present State of the finances of the govt

135) There remains the question of the erected machinery This may be carefully dismantled, taken charge of by the water works Dept and stored to be issued to those who can and are willing to, pay for it Much of the strength of the opposition of the municipality to pay the cost is due to the fact that the machinery stands erected in their place Once dismantled and carted away, the question will naturally settle itself In that event the W S Dept may pay the cost to the Special officer

136) If however Vadugenahally wants the machinery it must pay interest at 4% and shoulder its full share of the cost just as in the case of other municipalities I am also doubtful of its possible ability to pay the running costs when the estimate of additional income under octroi was last made there was no Sales Tax Now there is also excise duty on cloth In these circumstances the municipality will not be able to pay even the running charges

137) From a consideration of all the above points

5273/mL

7192/7 It was best that govt remove the machinery from the spot and pay the S O for it, and drop the question of utilising it for the benefit of this municipality

Re Water supply Scheme for Vijay.

From

The President Town Municipal Council
Vijayapura

No M C 109/48-49 dated 3.5.49

Marcushes : Report re the encloser.

Recitals orders

143) " Shes may be examined and a note put up"

(Sd) R C
3 5 49

144) The opinion of the Financial Secretary is at paras 131 to 134 Supra is for perusal

145) As a Chamber the Council resolved to the Municipal Council through the D C that the Cost estimated to meet the entire cost of the installation Viz Rs 49 375/ provided the Cost of laying pipes also working out to Rs 1,37 440/ is decided equally between the Govt and the Municipality the Municipality was ever offered to be granted a loan equal to 1/3 Share of Cost at 4 1/2 interest and repayable in 20 annual instalments

146) The Vijayapura District Municipal Council has resolved on 21 4 49 Reiterating its previous decision that it is unable to

5273/2d 8471/2nd

(4) Water Supply Scheme for Vijayapur

Contingent for the purpose more than Rs 18000/- or Crore & the power sanctioned and other Commitments and Liabilities it has no means of discharging the loan also to that time if granted by Govt

147) The only alternatives in the circumstances are - (1) to give a grant of the sum required in excess of Rs 18000/- which the Municipal Council has agreed to raise, or (2) Shifting the machinery elsewhere in Consultation with the E E for R & B

148) The Municipal president stated that the Reservoir in existence has cost nearly 50 to 60 thousand rupees, and also there are also other appurtenants if it is decided to shift the machinery elsewhere all this costs not only the W. W. Tank, but the erection would involve new channels, larger aqueducts Crore & the reservoir and other structures, Roads etc Licensing to be constructed all over again in the new pl Besides there is also the loss of the machinery getting damaged in transit

149) It has been suggested at para 133 supra that if the scheme of such a heavy grant from Govt were to be agreed to, there would be a number of requests from all Municipalities, Govt and Small, for similar grants and would lead to discontent But the circumstances in this case are peculiar in that the machinery is purchased

5273/ml 5847/ml

Re Water Supply Scheme for Vijayapur.

35

already at a heavy cost and only the construction for Vijayapur near at hand where the water supply is Tank, is economical and practicable. This analogy may not hold good in the case of other Towns and there may therefore be no fear of either their clamouring for similar grants or the Govt allowing such requests even if they are ~~made~~ claimed

150) The only factor in the way of sanctioning the Scheme is the inability of the Vijayapur Municipality to pay a larger Contribution. The provision of good drinking water at the place is ~~the responsibility of the Govt or that of the Municipality and Consideration of Finance alone may not perhaps be allowed to stand in the way of the Scheme when it is apparent that the Municipality is not in a position to pay more and the Shifting of the machinery elsewhere entails the ~~additional~~ likely to be still more expensive~~

151) Also the Special Officer Surplus Stores Disposals has been repeatedly urging the early payment of the 10% Cost of the machinery

152) Subs for orders Ref paras 134 & 135 Supra.

To

H N Pallegar, Esq. A, LL B,
Revenue Secretary to the Government
of Mysore, Bangalore

Sir,

Subject - Purchase of water pumping set at Military camp, Vadigen halli by the Vadigenahalli municipality

I have the honour to forward herewith ~~a copy of~~ the report No M F C 166/46-47 dated 12-2-47 together with its enclosures received from the President, Municipal Council Vadigen halli on the above subject and to state that the Municipal Council Vadigenahalli have resolved at their meeting held on 11-2-47 to purchase the water pumping set at the Military camp and to get water supplied to their town through pipes from the present place here the pumping set is fitted

2 It is reported by the President that at the time of vacating the military camp at Vadigenahalli, the pumping set has been handed over by the Military department to the Mysore Government for a sum of Rs 48,000/- The probable cost of supplying water to the town from its present place by laying out pipes is estimated at Rs 70,000/- In all, the initial cost would work out to Rs Ps 1,18,000/- The Municipal council have resolved to request Government to give an outright grant of Rs 1,00,000/- to ards the scheme and the excess expenditure over a lakh of rupees as a loan to the Municipality The Council have agreed to repay the loan in yearly instalments of Rs 1,500/- till the loan is completely paid The financial postion of the Municipality admits repayment of this loan amount in easy instalments of Rs 1,500/- Interest may be charged at 3½%

3 The maintenance charges of the scheme is estimated at Rs 5,000/- per annum To meet this recurring expenditure, the Municipal Council have resolved to increase the moh ~~kanda~~ tax by one rupee per vacant site and two rupees for the houses and levy additional taxes on commodities like cocoanut, copra, beetles cloth and beetle-nuts The Municipality expects to realise a

scum of Rs 4,500/- every year through these items The Municipality will be advised to take immediate action in this behalf in accordance with the rules and separate sanction of Government will be obtained in this behalf

4 The Municipal Council have been agitating for protected water supply for over a decade The people of this town have suffered hardships also on account of the location of military camp nearby Water is in plenty, settling tanks and pumping sets are ready, and available very near the Municipality, in the area which had been given to the Military It is not desirable to remove the pumping sets and use them elsewhere and abandon the well and the settling tanks The well, settling tanks and the engineers house themselves are worth nearly Rs 30,000/- All these will go to waste if this water supply scheme is not utilised for the Municipality The probable cost of this scheme is Rs 1,18,000/- In some cases, the Government have given half the cost as grant On account of the reasons mentioned above, the grant to be given by Government may be fixed at ¾ths of the cost and the remaining quarter as loan The grant will thus be about Rs 88,500/- Out of this, deducting nearly 30,000/- which will go to waste by abandoning the well and the settling tank, the balance of Rs 58,500/- may be construed as real grant to the Municipality which will be about half the cost of the scheme I request that as a very special case, ¾ths of the cost of the scheme may be given as a grant to this Municipality and quarter as a loan repayable in 20 instalments with interest at 3½%

5 The Sanitary Engineer has been requested to send up an estimate and plan for this water supply scheme and also to intimate the probable recurring charges On hearing from him the exact amount will be intimated

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Bangalore District

To The D C B'lore Dist

Sir,

Subject - Purchase of water from the Military camp, Vadgenahally by the local municipal council

With ref to your letter no MC. 4014/46 4T dated 5/3/47, on the abn Subject, I am directed to state that it has been ascertained from the Special Officer, Supplies Stores Dept B'lore, that the water supply instal at Vadgenahally is valued at Rs 48,500/- inclusive of the cartage 12½% on the purchase value viz Rs 42,954/- or Rs 43,000/- in round figures. I am therefore to request that necessary detailed plans & estimates for the Water supply scheme to Vadgenahally may be furnished together with the information regarding the probable annual recurring charges for the maintenance of the scheme may be obtained from the Sanitary Engr & submitted to Govt at

WD 0186—G B—15 000 -6 9 34

respectively

by the end of this month

Govt also consider it desirable, that in submitting your recommendations in this behalf, you ~~to~~ satisfy yourself, whether the small municipality could improve its resources to such an extent as to meet the recurring expenditure and also consider how far the residents of the place will be prepared to bear the burden involved by the ~~city~~ ~~to carry out~~ ~~to scheme~~ proposals ~~in carrying out~~ arrangement

One matter ~~in~~ which I want you to keep in view is that ~~any~~ delay in all stages ~~of~~ should be attended to without ~~any~~ delay as far as possible

To The Deputy Commissioner,

Sir, Bangalore District.

Subject - Re Purchase of the Water-Pumping set of the Military Camp, Vadigenahally By the Local Municipal Council.

****

With reference to your letter No 16-4014/46-47 dated 5th March '47, on the above subject, I am directed to state that it has been ascertained from the Special Officer, Surplus Stores Disposals, Bangalore, that the water-supply installation, now taken over by the Mysore Government from the Military Department, at Vadigenahally is valued at Rs 48,500/- inclusive of the centage of 12½% on the purchase value, viz., Rs 42,954/- or Rs. 43,000/- in round figures I am to request that necessary detailed plans and estimates for the water-supply scheme to the Vadigenahally Minor Municipality together with the information regarding the probable annual recurring charges for the maintenance of the installation may be obtained from the Sanitary Engineer and submitted to Government positively by the end of this month

Government also consider it desirable, that in submitting your recommendation in this behalf, you should satisfy yourself whether this small municipality could improve its resources to such an extent as to meet the recurring expenditure and also consider how far the residents of the place will be prepared to bear the sacrifice involved in carrying out the arrangement

I T O

The matter may kindly be treated as very urgent, and attended to without any delay in all the stages

Subject: Water supply pumping machinery at Vadigenahalli, Devanahalli taluk

In continuation of this office letter of even dated 14-3-47 on the above subject, I have the honour to forward herewith the original bill for Rs 48,375/- received from the Special Officer, Surplus Stores Disposals, being the cost of water supply Installation at Vadigenahalli camp and to request that sanction of Government may kindly be obtained to take up the water supply scheme as has been recommended in this office letter of even dated 6-3-1947

The Sanitary Engineer has been already addressed to intimate the recurring charges for the maintenance of the Scheme together with the plan and Estimates for the scheme and has this day been reminded to forward the same early As regards the source for the meeting the recurring charges, the Municipality has proposed to levy octroi on some articles such as Cigarettes, Beedies, Matches etc., and also to increase octroi on some other articles and separate proposals will be forwarded on receipt of the report from the Municipality The revision of Assessment may also result in the increase of Revenue to the Municipality to some extent The levy of water Tax at 0-4-0 per rupee together with the expected yield of Octroi to be levied will be sufficient to meet the recurring charges for maintaining the water supply scheme which may amount to about to Rs 3,000/- per year

In the circumstances, a request that sanction of Government may kindly be obtained for taking up the Water supply scheme at Vadigenahalli

I have the honour to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER,
BANGALORE DIST.

to Government of Mysore,
Bangalore

Sir,

Subject Water supply Scheme for Vadigenahalli Municipality

With reference to your letter No L 11567 dated 6-12-47 on the above subject, I have the honour to state that The Municipal Council Vadigenahalli have at their meeting held on 30-10-47 resolved that action may be taken in accordance with the resolution dated 11-2-47 wherein it has been resolved that the Municipality would meet only Rs 18,000/- towards the cost of the scheme taking the same as a loan repayable in 12 annual instalments and that the balance will have to be met by Government

In this connection, it has to be stated that the Municipality is a small Municiplaity with limited resources The Municipality will any how be directed to meet the recurring charges by tapping its resources further A proposal has already been submitted for the revision of the Octroi rates in this Municipality which will bring in an annual income of not less than Rs 3,000/- out of which a sum of Rs 2000/- will be earmarked to meet the annual instalments and interest on the loan to be raised by the Municipality for the Scheme

As regards the recurring expenditure the Municipality can expect an annual income of about Rs 2,000/- by way of the water tax and Rs 5,000/- by way of the revision of Assessment on buildings etc , which is already over due Taking the balance of Rs 1,000/- being the amount referred to above the total comes to Rs 8,000/- which will be sufficient to meet the recurring expenditure for maintainance the water supply scheme by a small reduction on the establishment and materials provided in the estimate therefor

In the circumstances, I request that sanction of Government may kindly be accorded for taking up the scheme at a cost of Rs 1,86,143/ only out of which a sum of Rs 18,000/- is to be met by unicipality and the balance as a grant by the Government and also to sanction a loan of

The Loan has been sanctioned to the Above

3081

4253/ml

a loan of Rs 18,000/- to the Municipality to meet its quota, re payable in 12 annual ~~usua~~ instalments with interest at 3½% as already ~~recommended~~ recommended

The connected records accompany

I have the honour to be,

resolution dated the 11th Feb 1947
wherein it has been resolved that
the Municipality would meet only
Rs 18000 towards the cost of the water
supply scheme, taking the same as
a loan from Govt etc I am
directed to state that the total
cost of the scheme has now come
up to Rs 1,86,145 as against the
previous estimate of Rs 1,18,000/- Govt
desire that at least ¼ of the cost
of the scheme should be borne
by the Municipality, ~~the remaining~~
~~3/4 being met from "Water Supply~~
~~Loans" in the State Budget.~~ I am
to enquire whether the Municipal
Council of ~~Doddaballapur~~ Hadrigenahalli ~~and~~ prepared
~~to pass a resolution~~ to meet
its ¼ share of the cost, Rs 46,537/
from its funds towards this scheme
~~and~~ if a loan is granted to this extent,
~~whether~~ in how many instalments it would accept to
repay the ~~instalments~~ amount with interest

In order to meet the urgent needs of Taddigenahalli and also to see that the two sum spent on electricity of Rs 1,18,000/- is not wasted by Removal of the machinery etc. which as a very special case is ~~exempt~~ covered by item 14 of the expenditure side

at 4% which is the normal
rate levied to the Local Bodies will be paid
A Clear resolution of the Mt CC in this regard may
be obtained & forwarded -

Sir,

Sub:- Water supply scheme for Vadigenahalli Municipality:

With reference to your letter No L 16183/M L 43-47-22 dated, 23/4/1948, on the above subject, enquiring whether the Municipal council is agreeable to meet ¼th the share of the cost viz ,Rs 46537/- and if a loan is granted to this extent, in how many instalments it would accept to repay the amount etc, and also to obtain a clear resolution of the Municipal council in this regard, I have the honour to enclose herein the resolution dated 31/7/48 of the Municipal council, received with the president's report No M C. 4/48-9 dated, 8/8/1948, and to state that the council have resolved ~~that the council have resolved~~ that theirs being a minor Municipality, they are not in a position to pay anything more than Rs 18,000/-, which they have promised to pay as per their resolution dated 11/2/1947 Even this amount will be in the form of a loan, repayable in annual instalments of Rs 1500/- with interest at 3½% per annum, the soures of income ear-marked for this purpose being the additional incore to be derived on account of revision of municipal assessment, enhance of octroi duty leave of water rates, as explained in my letter of even Number, dated 17th January 1948, the reference invited to Government Order No 14317-8/M L 59-47-31 dated 4/3/1948 sanctioning the ~~duty~~ Octroi and the same has been given effect to One more reason advanced by the Muhicipality council, expressing inability to pay more than what the Municipality has already promised i e , Rs 18,000/- is that it has to meet expenditure in regard to the Municipal High school, Drainage scheme etc , which drain a large portion of the total income of the Municipality Further by the completion of water works, it will also have to bear the Maintenance charges of the water works the Municipal council are therefore reluctant that they cannot ~~of~~ contribute anything more than Rs 18,000/- and the Government will have to bear the remaining cost of the works Rs 1, 68,145/- as an outright grant to the Municipality

According to your letter No L 16183/M L 43-47-22 dated 23/4/48, the Government as a very special case and in order to see that huge sums of money spent in the erection of plant etc, is not wasted , propose to ~~inam~~ an expenditure of Rs 1,39,608/- equal to ¾ the of the cost of the whole scheme of providing water supply to the town In case the Government decide upon insisting for the payment of Rs 46,537/- by the Municipality which at any rate the Municipality is not in a portion to pay, it will be a sheer waste of lakhs of rupees Further incase the installations are to be dismantled and removed away vadigenahally Municipality will have to give up all hopes of being provided with a water supply scheme

Taking the water works in its present condition it has to be stated that to work out the water supply scheme afresh and to bring it to the condition now prevailing at the Vadigenahally Municipality camp, one will have to spend several thousands of rupees and fortunately for Vadigenahally all this has been spared.

The difference between the amount claimed by Government from the Municipality and the amount which it has agreed to pay is Rs. 28, 537/- which amount the Government may ~~margari~~ be pleased to waive magnanimently

P t.o

In enclosing herein the report No H C 4/48-9 dated: 8/8/48 with the resolution of the council, I once again recommend that Government may kindly be pleased to sanction the scheme as stated in my letter of even No dated 17/1/1948

I have the honour to be,

Sir,
Your most obedient servant,

Deputy commissioner,

Office of the Deputy Commissioner,
D.D.No.46, 268-2650/48-49. Bangalore District,
Encl. Budget Estimate Bangalore, Dated 12th January 1949

Official Memorandum.

Reference:- Report No.R.C. 89/48-49 dated 22-12-48 from the President, Municipal Council, Vadigenahalli, submitting for sanction the Budget estimates of Vadigenahalli Minor Municipality for the year 1948-49 as approved by the Council at their meeting held on 20-10-48.

Recorded.

The municipal Council anticipate their income and expenditure during the year 1948-49 at Rs. 2,13,220/- and Rs. 2,07,041/- respectively as against the sanctioned and the revised estimates of Rs. 1,57,337/- and Rs. 26,887/- and Rs. 154330/- and Rs. 26,952/- respectively during the year 1947-48.

Receipts.

Under A (1) Octroi, the municipality anticipates an income of Rs. 6,000/- only. Since levy of octroi duty on matches, oils and Ground nut cake and enhancement of rates of taxes on ARecanuts, Beedi Cigarettes have been sanctioned, the income is likely to increase and the receipts under this head are therefore enhanced to Rs.7,000/- plus 1,000/-.

Under A (5) Tolls and Ferries, the actuals during 1947-48 were Rs.1,556/- as against the sanctioned estimate of Rs. 1,500/- and no proper reason is assigned for anticipating a reduced income under this head. The provision istherefore increased to Rs. 1,500/- as in the previous year. plus 290.

Under A (7) the provision is increased to Rs. 1,500/- according to the rate of 0-4-0 per rupee of the anticipated income of Rs. 6,000/- under A2. plus 400.

Under A (9) a, the receipts are increased to Rs. 1,000/- as in the previous year as a portion of the heavy arrears are expected to be recovered in addition to the current Demand of Rs. 700/- plus 300/-.

Under A (9) (c) the provision is increased to 500/- for the reason explained above. plus 200/-.

Under C5, the provision is reduced to 2,680/- in accordance with the anticipated income from school fees as per the High School Budget. minus 8,570/-.

Under D, Grants And contributions forwater works, the amount is increased to 1,68,000/- in accordance with the recommendation from this office. plus 11,000/-.

Under D, grants and contributions from Government for Educational purposes, a fresh provision of Rs. 5,600/- is made being the Government shares of the Municipal High School Maintenance Grant, Dearness Allowances grant and equipment rant as per the sanctioned Budget estimate of the Municipal Hig School. plus 5,600/

Under D2, District Board Grant for the Municipal High School, a provision of Rs. 500/- is made as per the sanctioned High School Budget. plus 500/-

Under F, public Debt, the provision is increased to Rs. 18,000/- in accordance with the recommendation from this office in connection with water supply scheme. plus 3,000/-.

The other items of the receipts are retained.

Expenditure.

Under A1, (a) the Provision is reduced to Rs. 972/- being the actual amount of expenditure towards the Municipal Office

P.T.O.

Municipal Office Establishment. minus 45/-.

Under A 11 2 (a), the provision of Rs. 1,230/- shown against the permanent Mohtarfa Establishment is reduced to Rs. 540/- for permanent establishment and fresh provision of Rs. 550/- is made under temporary establishment towards salary of the assessing officer and a peon posted to the Municipality ~~for a period to the Municipality~~ for a period of 3 months for revising the assessment, minus 300/-.

Under C1, Drainage Schems the provision is increased to Rs. 3,800/- in accordance with the estimated cost. plus 400/-

Under C3, protected water works, the provision is increased to Rs. 1,88,145/- in accordance with the total estimated cost of the works. plus 11,145/-.

Under D2, the provision is reduced to Rs. 500/- for want of sufficient funds . minus 1,000/-.

Under E3, (b), the medical contribution is increased to 6,250/- including arrears. plus 4,250/-.

Under F1, Municipal High School Establishment charges, the provision is increased to Rs. 9,754/- in accordance with the High School Budget. plus 1,000/-.

Under F (b) Miscellaneous a provision of Rs. 100/- is made being the promised contribution for the High School canteen. plus 100/-

Under I, Public Debt, a provision of Rs. 1,500/- is made towards the repayment of the loan of Rs. 18,000/- requested for, in connection with the water supply scheme. plus 1,500/- .

The other items of the expenditure are retained with the above modifications, the financial position of the Municipal t/ during the year 1948-49 as follows:-

Open Balance on 1 7-47.. . .	4,543-0-0
Receipts during the year....2,2[illegible],940-0-0	
Total.. .	2,31,583-0-0
Expenditure during the year.2,24,188-0-0	
Closing balance.....	7,395-0-0

Though the normal expenditure is well within the normal income, it has not been possible to maintain the prescribed closing balance. The Municipal Council should make all endeavours to collect the outstanding arrears under, Mohatarfa tax, shop tax, cart tax and Light tax and also to find out ways and means to improve the resources of the Municipality.

K.Seshagir Rao,
Deputy Commissioner
Bangalore District.

1. Copy of the above is forwarded wit compliments to the Secretary to Government, General Department, Bangalore for favour of information.
2. Copy of the above to ether with a copy of the Budget Estimate is forwarded to the President, Municipal Council, Vijayapura, for information and necessary action. (Vijayanatalli)
3. Two spare copies.

D Dis No 208-2020/48-49 Office of the Deputy Commissioner,
Encl Budget Estimate Bangalore District,
Bangalore 6, Dated 12th January 1949

Official Memrandum

Reference - Report No H C 69/48-49 dated 22-12-48 from the President, Municipal Council, Vadigenahalli, submitting for sanction the Budget estimates of Vadigenahalli Minor Municipality for the year 1948-49 as approved by the Council at their meeting held on 20-10-48

Recorded

The municipal Council anticipate their income and expenditure during the year 1948-49 at Rs 2,13,220/- and Rs 2,07,041/- respectively as against the sanctioned and the revised estimates of Rs 1,57,337/- and Rs. 20,687/- and Rs. 154330/- and Rs. 26,952/- respectively during the year 1947-48

Receipts.

Under A (1) Octrai, the municipality anticipates an income of Rs 6,000/- only Since levy of octroi duty on matches, oils and Ground nut cake and enhancement of rates of taxes on Arecanuts, Beedi Cigarettes have been sanctioned, the income is likely to increase and the receipts under this head are therefore enhanced to Rs 7,000/- plus 1,000/-.

Under A (5) Tolls and Ferries, the actuals during 1947-48 were Rs 1,556/- as against the sanctioned estimate of Rs. 1,500/- and no proper reason is assigned for anticipating a reduced income under this head The provision isthercfore increased to Rs. 1,500/- as in the previous year plus 290

Under A (7) the provision is increased to Rs 1,500/- according to the rate of 0-4-0 per rupee of the anticipated income of Rs. 6,000/- under A2 plus 400

Under A (9) a, the receipts are increased to Rs 1,000/- as in the previous year as a portion of the heavy arrears are expected to be recovered in addition to the current Demand of Rs. 700/- plus 300/-

Under A (9) (c) the provision is increased to 500/- for the reason explained above plus 200/-.

Under C5, the provision is reduced to 2,680/- in accordance with the anticipated income from scholl fees as per the High School Budget minus 8,570/-

Under D, Grants and contributions forwater works, the amount is increased to 1,68,000/- in accordance with the recommendation from this office plus 11,000/-.

Under D, grants and contributions from Government for Educational purposes, a fresh provision of Rs 5,600/- is made being the Government share of the Municipal High School Maintenance Grant, Dearness Allowances grant and equipment grant as per the sanctioned Budget estimate of the Municipal High School plus 5,600/

Under D2, District Board Grant for the Municipal High School, a provision of Rs. 500/- ismade as per the sanctioned High School Budget plus 500/-

Under F, public Debt, the provision is increased to Rs 18,000/- in accordance with the recommendation from this office in connection with water supply scheme plus 3,000/-

The other items of the receipts are retained.

Expenditure.

Under A1, 2 (a) the Provision is reduced to Rs 972/- being the actual amount of expenditure towards the Municipal Office establishment

Sub:- Water supply Scheme for the Vijayapura Kempapalya

Sir,

With reference to the correspondence ending with your letter No MG-4014/46 (1) dated 11/1/49 on the above subject, I am directed to state that provision of good drinking water is one of the primary duties of every Municipality. The Scheme was framed for Municipality to purchase the necessary installation and lay afresh pipe distribution lines, pipes, etc to supply water to the Town. The Municipality contributing only Rs 40 000/- towards the cost of pipes, so as to see expenditure which is special to come to Rs 3/4 lakhs is not acceptable, as it will tantamount to one Municipality being unduly favoured while others bear a fair share of the expenditure on such schemes

any thing more than Rs 18 000/- as the
Town Rectangle in the subsequent

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

No. A 10822

General and Revenue Secretariat

Dated Bangalore 22 3- 1949

FROM

The Secretary to the Government of
His Highness the Maharaja of Mysore
General Department.

To

The Deputy Commissioner,
Bangalore(Rural) District.

SIR

Subject: Water Supply scheme for the Vijayapura Municipality

With reference to the correspondence ending with your letter No M6 4014/46-47 dated 11th January 1949 on the above subject, I am directed to state that provision of good drinking water is one of the primary duties of ~~the~~ any municipality. The present proposal to purchase the military installation and lay afresh distributories to supply water therefrom to the town, the municipality contributing only Rs 18,000/- towards the cost, the rest of the expenditure which is expected to come to nearly Rs 1 3/4 lakhs being met by Government is not acceptable, as it will tantamount to one municipality being unduly favoured while others bear a fair share of the expenditure on such schemes.

However, having regard to the poor finances of the municipality, and the desirability of making use of the existing military installation near at hand, Government intend to meet the entire cost of the installation viz Rs 48,375/- provided the cost of laying pipes etc , is divided equally between the Government and the Municipality The Government will also consider the grant of a loan to the municipality equal to its share of cost if the Municipal Council agrees to repay it in twenty annual instalments with interest at 4% and also indicate the specific source or sources of revenue which it will earmark towards repayment of the loan

I am to request you therefore to clearly explain the position to the Municipal Council and obtain its considered views on each of the points raised and forward proposals supported by an apropriate resolutions

An early reply is requested

Yours faithfully,

for Deputy General Secretary to Government.

Office of the Minister
for Local Self Government
No 2688
Date 3/5

No H C 109/48-49

Dated 3/5/1949

From

The President,
Municipal Council,
Vadigenahalli(Vijayapur)
Devanahalli Taluk

To

The Minister for Local Self Government,
Government of Mysore,
Bangalore

Subject -Water supply scheme for the Vijayapur Municipality

While enclosing herewith the extract of the resolution passed on the above subject in the General Meeting held on 21st April 1949 I beg to state that the council has agreed to pay Rs 18000/- only towards the scheme as the Municipality is unable to meet any more expenditure owing to its incurring huge expenditure towards Municipal High School, and Drinage works Now the closing balance as per cash book is Rs 3000/- only And the Municipality has to pay Rs 2000/- towards High school equipment charges Rs 2275/- being the quota due for 1947-48 towards drinage works The financial resources are too little and with poor finances The Municipality is not in a position to repay the loan of Rs 48375/- in 20 instalments, which is equally divided between Municipality and the Government The annual contributions are also not paid till this time due to the poor finances As the Municipality is not in a position to repay the instalments of loan to be given with the meagre income, I beg to request you to make recommendation to the Government to bear the rest of amount as an outright grant as the machinery of the Military camp water supply scheme is becoming an unserviceable as it is la ing down from a long time with out working In this connection I may be permitted to mention here that the reservoir is already in existence

which has costed nearly 50 to 60 thousands of rupees If this is dismantelled, nothing can be derived out it Further there are pipes in existence already from the Reservoir and it has become impossible to keep a watch over the same

By removal of these things from the locality, the Government will be depriving no benefit but the Municipality of Vodigenahalli will be nder loss

In view of the above circumstances,I request that the prayer of the Municipality as stated above may kindly be complied with Awaiting your favourable decision in this direction

Begging to be excused for the trouble

Yours faithfully

Sd/ Seenaiah Setty

Sir,

Sub Water supply scheme for the Vijayapura Municipality

With reference to your letter No L 10822 dated 22-3-49 on the above subject, I have the honour to enclose herewith a copy of docket addressed to the President Municipal Council Vijayapura calling for certain particulars

On receipt of his reply with the opinion of the council a final report will be furnished as to the feasibility or otherwise of taking up the water supply scheme

Yours faithfully,

DEPUTY COMMISSIONER
BANGALORE DISTRICT (RURAL)

Submit for perusal this week
Submit for perusal the receipt of a further reply will be awaited till the end of this month

65

M6 4014/46-47

OFFICE OF THE DEPUTY COMMISSIONER,
BANGALORE DISTRICT(RURAL)
Dated, Bangalore the 15th July 1949.

To

THE PRESIDENT,
Vijayapura Municipal Council,
Vijayapura

Sub Water Supply Scheme for the Vijayapura Municipality

With reference to his report No H C 109/48-49 dated 1-5-1949 on the above subject, has the honour to state as follows -

1 When the Scheme was first proposed the estimated income under various heads was as follows

1	Increase of Assessment due to revision Assessment of	Rs 5,000/-
2	Increase in Octroi	3,000/-
3	Water Tax	Rs 2,000/-
		Rs 10,000/-

But the actual increase of Assessment after revision is only about Rs 2,000/- . So the increase will come to only about Rs 7,000/- Along with this increased income the -- expenditure also under the normal head has increased due to the revision of pay etc , and the Municipality may have a surplus increase of about Rs 5,000/- a year after meeting the increased expenditure This will not be sufficient even to meet the annual maintening charges which is estimated at Rs 10,150/- by the Sanitary Engineer, but which can be reduced to Rs 8,000/- by the reduction of Establishment etc ,

In addition the Municipality will have to pay about Rs 2,000/- a year towards the loan instalment for 20 years Thus the Municipality should find out ways and means to suppliment a sum of Rs 5,000/- a year in case the water-Supply Scheme is taken up

Now the Municipality has tapped all the resources and there are no further possible means of increasing the

P t o

increasing the revenue to the tune of Rs 7,000/- a year

The maintenance of the Municipal High School is resulting in a very heavy loss to the Municipality to the extent of Rs 5,000/- a year The number of students studying in the High School is below the prescribed minimum and there is no scope for the development of the High School due to the presence of High Schools in Devanahalli Chickballapur and Hoskote The Council is advised to think over the question of closing down the Municipal High School in which case it can save Rs 5,000/- a year

Thus the savings that could be made by the closure of the Municipal High School can be utilised to meet the expenditure toward the water supply scheme

The Municipal Council will consider the above aspect of the question and will furnish its decision in the matter On receipt of the above decision the Government will be -- addressed as to the feasibility of taking up the scheme or not

A detailed report is expected early

GENERAL DEPARTMENTS
D L 345

Sir,

Subject:- Water Supply Scheme for the Vijayapura Municipality.

With reference to your letter No 10922 dated 22-3-1949 on the above subject, I have the honour to state that the alternative proposal as put forth by the Government will result in the Municipality meeting half of the cost of pipes etc , which comes to Rs.64,687-8-0 which will have to be raised as a loans loan from the Government But if the Council were to agree to the original proposal of bearing one fourth of the total cost of the scheme as suggested in your Office letter No L. 16183 dated 23-4-1948, the Council will have to raise a loan of Rs 44,437-8-0 only Even if the Council agree to the original suggestion dated 23-4-1948, a sum of Rs.2,500/- will have to be paid by the Municipality towards the instalments due for the repayment of the loan exclusive of the interest due thereon.

The Sanitary Engineer has in his letter No. 117 dated 2-3-1949 stated that the annual maintenance charges come to Rs 13,040/- if the scheme is worked ~~by~~ through his Department or Rs 11,176/- a year if worked by the Municipality

Thus the Municipality will have to incur an expenditure of nearly Rs ~~1~~ 14,000/- a year for the maintenance of the water supply scheme during the first 20 years after which time, the recurring expenditure will be about Rs 11,000/- a year

The Council anticipated an increase of Rs.5,000/- a year by the revision of Assessment But the result shows only an increase of about Rs 1,000/- The Council can get about Rs 2,000/- a year by the levy of water tax and the increase in Octroi is about Rs.2,000/- Thus the actual total increase now is about Rs.3,000/- a year (Rs 1,000/- by revision of assessment and Rs 2,000/- by increase in octroi) and when the scheme is introduced it will be Rs 5,000/-

The present increase in Revenue is just sufficient to meet the extra expenditure due to the increase of pay of Establishment as per the revised scale The financial position of the Municipality for 1949-50 is as follows as per the budget estimates sanctioned recently by this Office

	Rs
Opening balance on 1-7-1949:-	3,585/-
Receipts for 1949-50:-	33,648/-
Total:-	37,234/-
Expenditure during 1949-50:-	36,112/-
Closing balance on 30-6-1950:-	1,122/-

This shows that the Municipality is unable to meet the normal expenditure even without the water supply scheme and no reserve fund is held by the Municipality at present

If the Water supply scheme is taken up the income will increase by Rs.2,000/- and the expenditure by Rs 14,000/- a year and the Municipality has no means of meeting the extra expenditure at the rate of Rs 10,000/- a year for 20 years

p.t o

years

Considering all these points, the council have at their meeting held on 31-7-1949 resolved to drop the scheme as no scarcity of water is felt in the Town and the Financial position of the Municipality does not permit to take up the scheme now.

In the circumstances, I request that orders of Government may kindly be obtained to drop the question of taking up the water supply scheme for the Vijayapura Municipality as the Municipality is neither in a position to meet a moity of the Capital cost nor the maintenance charges of water - supply scheme The Sanitary Engineer has been requested to propose if the machineries could be used for improving the water supply scheme at Anekal, Dodballapur and Hosakote or for taking up the proposed scheme at Magadi

The connected papers accompany.

Yours faithfully,

DEPUTY COMMISSIONER.

Letter No M6 4014/46-47 dated 25th September 1949 from the Deputy Commissioner, Bangalore District (Rural) to the General Secretary to Government, Bangalore

---

SUBJECT Water supply scheme for the Vijayapura Municipality

With reference to your letter No 10822 dated 22-3-1949 on the above subject, I have the honor to state that the alternative propos as put forth by the Government will result in the Municipality meetir half of the cost of pipes etc , which comes to Rs 64,687-8-0 which wil have to be raised as a loan from Government But if the Council were to agree to the original proposal of bearing one fourth of the total cost of the scheme as suggested in your ~~in~~ office letter No L 16183 dated 23-4-1948, the Council will have to raise a loan of Rs 44,437-8, only Even if the Council agree to the original suggestion dated 23-4 1948, a sum of Rs 2,500/- will have to be paid by the Municipality to the instalments due for the repayment of the loan exclusive of the interest due thereon

The Sanitary Engineer has in his letter No 117 dated 2 8 194 stated that the annual maintenance charges come to Rs 13,040/- if the scheme is worked through his Department or Rs 11,176/- a year if work by the Municipality

Thus the Municipality will have to incur an expenditure of nearly Rs 14,000/- a year for the maintenance of the water supply sch during the first 20 years after which time, the recurring expenditur will be about Rs 11,000/- a year

The Council anticipated an increase of Rs 5,000/- a year by the revision of assessment But the result ~~was~~ shows only an increase of about Rs 1,000/- The Council can get about Rs 2,000/- a year by the levy of water tax and the increase in octroi is about Rs 2,000/- Thus the actual total increase now is about Rs 3,000/- a year (Rs 1,000/- by revision of assessment and Rs 2,000/- by increase in octroi) and when the scheme is introduced it will be Rs 5,000/-

The present increase in Revenue is just sufficient to meet the extra expenditure due to the increase of pay of establishment as per th revised scale The financial position of the Municipality for 1949-50 is as follows as per the ~~new~~ budget estimates sanctioned recently by this ~~ge~~ office

Opening balance on 1-7-1949	= Rs	3,585/-
Receipts for 1949-50	= "	33,648/-
Total	Rs	37,234/-
Expenditure during 1949-50	= "	36,112/-
Closing balance on 30-6-1950	"	1,122/-

This shows that the Municipality is unable to meet the normal expenditure even without the water supply scheme and no reserve fund is held by the Municipality at present

If the water supply scheme is taken up the income will increase by Rs 2,000/- and the expenditure by Rs 14,000/- a year and the Municipality has no means of meeting the extra expenditure at the rate of Rs 10,000/- a year for 20 years

Considering all these points, the Council have at their meeting held on 31-7-1949 resolved to drop the scheme as no scarcity of water is felt in the Town and Financial position of the Municipality does not permit to take up the scheme now

In the circumstances, I request that orders of Government may kindly be obtained to drop the question of taking up the water supply scheme for the Vijayapura Municipality as the Municipality is neither in a position to meet a moiety of the capital cost nor the maintenance charges of water supply scheme The Sanitary Engineer has now requested to propose if the machineries could be used for improving the water supply scheme at Anekal, Dodballapur and Hosakote or for taking up the proposed scheme at Magadi The connected papers accompany
